CONTENTS

TABLE DES MATIÈRES

N° 1

Page

Update — Le point

Projections of HIV infections and AIDS cases to the year 2000 — *J. Chin, P.A. Sato, & J.M. Mann* 1

Déficit en glucose-6-phosphate déshydrogénase — *Groupe de Travail de l'OMS* 13

Memoranda — Mémorandums

Recherche *in vitro* d'une activité anti-VIH dans les préparations médicinales traditionnelles: Mémorandum d'une réunion de l'OMS 25

Research — Recherche

Variant-specific trypanolytic antibodies in sera from patients infected with *Trypanosoma brucei rhodesiense* — *W.K. Isharaza & N. Van Meirvenne* 33

Diagnostic performance indices for immunofluorescent tests and enzyme immunoassays of leishmaniasis sera from northern and north-eastern Brazil — *M.C.S. Guimarães, B.J. Celeste, & E.L. Franco* 39

Sensitivity of *Plasmodium falciparum* to chloroquine and sulfadoxine/primethamine in Nigerian children — *O.J. Ekanem, J.S. Weisfeld, L.A. Salako, B.L. Nahlen, E.N.U. Ezedinachi, O. Walker, J.G. Breman, O.J. Laoye, & K. Hedberg* 45

Mefloquine therapy for *Plasmodium falciparum* malaria in children under 5 years of age in Malawi: *in vivo/in vitro* efficacy and correlation of drug concentration with parasitological outcome — *L.M. Slutsker, C.O. Khoromana, D. Payne, C.R. Allen, J.J. Wirima, D.L. Heymann, L. Patchen, & R.W. Steketee* 53

Antibiotic susceptibility of *Escherichia coli* isolates from inpatients with urinary tract infections in hospitals in Addis Ababa and Stockholm — *S. Ringertz, B. Bellete, I. Karlsson, G. Öhman, M. Gedebou, & G. Kronvall* 61

Effectiveness of BCG vaccination against tuberculous meningitis: a case-control study in São Paulo, Brazil — *V. Wünsch Filho, E.A. de Castilho, L.C. Rodrigues, & S.R.A. Huttly* 69

Thalassaemia in Bombay: the role of medical genetics in developing countries — *B. Sangani, P.K. Sukumaran, C. Mahadik, H. Yagnik, S. Telang, F. Vas, R.A. Oberroi, B. Modell, & S.M. Merchant* 75

What happens if intradermal injections of rabies vaccine are partially or entirely injected subcutaneously? — *P. Phanuphak, P. Khaoplod, M. Benjavongkulchai, S. Chutivongse, & H. Wilde* 83

Oral immunization of foxes against rabies: practical experiences of a field trial in the Federal Republic of Germany — *U. Wilhelm & L.G. Schneider* 87

Page

Reviews — Analyses

Quality control of BCG vaccine by WHO: a review of factors that may influence vaccine effectiveness and safety — *J.B. Milstien & J.J. Gibson* 93

Terminology — Terminologie

Nomenclature for synthetic peptides representative of immunoglobulin chain sequences — *WHO–IUIS Nomenclature Sub-Committee* 109

Nomenclature des peptides de synthèse représentant des fragments de chaînes d'immunoglobulines — *Sous-Comité de nomenclature OMS–UISI* 112

WHO News and activities — Notes et activités OMS

Global immunization for poliomyelitis reaches 67% level — Prevention of blindness — Stability of vaccines — Air pollution control in eastern Europe — Measles in Hungary 115

67% de vaccinés contre la poliomyélite dans le monde — Prévention de la cécité — Stabilité des vaccins — Lutte contre la pollution atmosphérique en Europe orientale — La rougeole en Hongrie 123

Recent WHO publications — Publications récentes OMS 133

N° 2

Update — Le point

Vaccines, cells and nucleic acids — *A.J. Zuckerman & F. Deinhardt* 139

Infections par le VIH et cas de SIDA: projections jusqu'en l'an 2000 — *J. Chin, P. Sato, & J.M. Mann* 143

Memoranda — Mémorandums

Epidemiology, prevention and control of legionellosis: Memorandum from a WHO meeting 155

A standard international acupuncture nomenclature: Memorandum from a WHO meeting 165

Research — Recherche

Global seasonality of rotavirus infections — *S.M. Cook, R.I. Glass, C.W. LeBaron, & Mei-Shang Ho* 171

Antimicrobial susceptibility patterns of *Haemophilus* isolates from children in eleven developing nations — *G.A. Weinberg, E.D. Spitzer, P.R. Murray, A. Ghafoor, J. Montgomery, T.E. Tupasi, D.M. Granoff, & the BOSTID* Haemophilus *Susceptibility Study Group* 179

Randomized trial of sulfamethoxazole + trimethoprim versus procaine penicillin for the outpatient treatment of childhood pneumonia in Zimbabwe — *D.J. Keeley, F.K. Nkrumah, & C. Kapuyanyika (corrigendum, 690)* 185

Oral rehydration therapy in Malawi: impact on the severity of disease and on hospital admissions, treatment practices, and recurrent costs — *D.L. Heymann, M. Mbvundula, A. Macheso, D.A. McFarland, & R.V. Hawkins* 193

Page

The use of evaluation to improve the Expanded Programme on Immunization in Mozambique — *F. Cutts, A. Soares, A.V. Jecque, J. Cliff, S. Kortbeek, & S. Colombo* 199

Malaria incidence and prevention among European and North American travellers to Kenya — *H.O. Lobel, P.A. Phillips-Howard, A.D. Brandling-Bennett, R. Steffen, C.C. Campbell, A.Y. Huong, J.B.O. Were, & R. Moser* 209

Newly transmitted *Plasmodium falciparum* malaria in the central highland plateaux of Madagascar: assessment of clinical impact in a rural community — *J.P. Lepers, P. Deloron, M.D. Andriamagatiana-Rason, J.A. Ramanamirja, & P. Coulanges* 217

A simplified methodology for the community-based assessment of breast-feeding and amenorrhoea in Mexico — *R.A. Danko, B.J. Selwyn, R. Zamora-Romero, & X.P. Chavez-Ordoñez* 223

Childhood diabetes in Arab countries — *Diabetes Epidemiology Research International Study Group* 231

Prévalence et causes de la cécité au Congo — *A.-D. Négrel, B. Massembo-Yako, E. Botaka, D.C. Minassian, & R. Coddy-Zitsamélé* 237

Trends in breast cancer incidence in Greater Bombay: an epidemiological assessment — *B.B. Yeole, K. Jayant, & D.J. Jussawalla* 245

Reviews — Analyses

International travel and HIV infection — *C.F. von Reyn, J.M. Mann, & J. Chin* 251

WHO News and activities — Notes et activités OMS

Smoking trends among doctors in Europe — Reducing the risk of transmission of HIV by blood transfusion — Human plague in 1988 261

L'usage du tabac chez les médecins en Europe — Réduction du risque de transmission du VIH par la transfusion sanguine — La peste humaine en 1988 267

Recent WHO publications — Publications récentes OMS 275

N° 3

Update — Le point

Economics of human and canine rabies elimination: guidelines for programme orientation — *K. Bögel & F.-X. Meslin* 281

Vaccins, cellules et acides nucléiques — *A.J. Zuckerman & F. Deinhardt* 293

Memoranda — Mémorandums

Food safety aspects relating to the application of X-ray surveillance equipment: Memorandum from a WHO meeting 297

Development of vaccines against cholera and diarrhoea due to enterotoxigenic *Escherichia coli*: Memorandum from a WHO meeting 303

Page

Research — Recherche

Malaria chemoprophylaxis among European tourists in tropical Africa: use, adverse reactions, and efficacy — *R. Steffen, R. Heusser, R. Mächler, R. Bruppacher, U. Naef, D. Chen, A.M. Hofmann, & B. Somaini* 313

Field evaluation of methods for estimating carbamate resistance in *Anopheles albimanus* mosquitos from a microplate assay for insensitive acetylcholinesterase — *C. Cordón-Rosales, R.F. Beach, & W.G. Brogdon* 323

The predicted and observed decline in onchocerciasis during 14 years of successful control of *Simulium* spp. in West Africa — *J. Remme, G. De Sole, & G.J. van Oortmarssen* 331

Use of ELISA to reveal rodent infections in plague surveillance and control programmes — *J.E. Williams* 341

Training for primary eye care in leprosy — *P. Courtright, H.S. Lee, & S. Lewallen* 347

The changing age structure of diphtheria patients: evidence for the effectiveness of EPI in the Sudan — *B.P. Loevinsohn* 353

Traditional methods in management of diarrhoeal diseases in Uganda — *W.W. Anokbonggo, R. Odoi-Adome, & P.M. Oluju* 359

Impact of the Brazilian national breast-feeding programme on mothers in Greater São Paulo — *M.F. Rea & E.S. Berquó* 365

Reviews — Analyses

International collaboration for the prevention of colorectal cancer — *S.J. Winawer* 373

Primary prevention of colorectal cancer — *M. Shike, S.J. Winawer, P.H. Greenwald, A. Bloch, M.J. Hill, S.V. Swaroop, & the WHO Collaborating Centre for the Prevention of Colorectal Cancer* 377

WHO News and activities — Notes et activités OMS

Promotion of diagnostic ultrasound in developing countries — Countrywide Integrated Noncommunicable Diseases Intervention Programme — Recommended composition of influenza virus vaccines for the 1990–91 season — Foodborne infections and intoxications 387

Incitation à l'emploi de l'échographie dans les pays en voie de développement — Programmes d'intervention intégrée à l'échelle d'un pays contre les maladies non transmissibles — Recommandations concernant la composition des vaccins antigrippaux pour la saison 1990/1991 — Toxi-infections alimentaires 393

Recent WHO publications — Publications récentes OMS 399

N° 4

Update — Le point

A WHO global programme for monitoring vector resistance to pesticides — *G.R. Shidrawi* 403

Aspects économiques de l'élimination de la rage humaine et canine: principes pour l'orientation des programmes — *K. Bögel & F.-X. Meslin* 409

Page

Memoranda — Mémorandums

Sécuritié alimentaire et utilisation de matériel de surveillance à rayons X: Mémorandum d'une réunion de l'OMS 419

Nomenclature internationale type en acupuncture: Mémorandum d'une réunion de l'OMS 425

Research — Recherche

Transport and storage of vaccines in Hungary: the first cold chain monitor study in Europe — *L. Lugosi & A. Battersby* 431

Impact of measles vaccination on childhood mortality in rural Bangladesh — *M.A. Koenig, M.A. Khan, B. Wojtyniak, J.D. Clemens, J. Chakraborty, V. Fauveau, J.F. Phillips, J. Akbar, & U.S. Barua* 441

The protective effect of the large-scale use of PHKC rabies vaccine in humans in China — *Lin Fangtao* 449

A case-control study of the impact of improved sanitation on diarrhoea morbidity in Lesotho — *D.L. Daniels, S.N. Cousens, L.N. Makoae, & R.G. Feachem* 455

Mass screening for *Trypanosoma cruzi* infections using the immunofluorescence, ELISA and haemagglutination tests on serum samples and on blood eluates from filter-paper — *F. Zicker, P.G. Smith, A.O. Luquetti, & O.S. Oliveira* 465

Bacterial infections in suspected cutaneous leishmaniasis lesions — *G.H. Edrissian, M. Mohammadi, A. Kanani, A. Afshar, R. Hafezi, M. Ghorbani, & A.R. Gharagozioo* 473

An international survey of the educational activities of schools of nursing on psychoactive drugs — *J. Falkowski & A.H. Ghodse* 479

Comparison of mothers' understanding of two child growth charts in Lesotho — *M.T. Ruel, D.L. Pelletier, J.-P. Habicht, J.B. Mason, C.S. Chobokoane, & A.P. Maruping* 483

Reviews — Analyses

Ascertainment of risk of serious adverse reactions associated with chemoprophylactic antimalarial drugs — *P.A. Phillips-Howard & A.B. Bjorkman* 493

Screening of average-risk individuals for colorectal cancer — *S.J. Winawer, J. St. John, J. Bond, J.D. Hardcastle, O. Kronborg, B. Flehinger, D. Schottenfeld, N.N. Blinov, & the WHO Collaborating Centre for the Prevention of Colorectal Cancer* 505

WHO News and activities — Notes et activités OMS

AIDS: recommendations for the interpretation of HIV-2 Western blot results — Control of pneumoconiosis — WHO Recommended Classification of Pesticides by Hazard: guidelines to classification 1990–1991 515

SIDA: recommendations pour l'interprétation des résultats des tests d'immunotransfert pour le VIH-2 — Lutte contre la pneumoconiose — Classification des pesticides en fonction des dangers qu'ils présentent recommandée par l'OMS: directives 1990–1991 519

Recent WHO publications — Publications récentes OMS 523

N° 5

Update — Le point

Public health surveillance of AIDS and HIV infections — *J. Chin* 529

Page

Le programme mondiale OMS de surveillance de la résistance des vecteurs aux pesticides — *G.R. Shidrawi* 537

Memoranda — Mémorandums

Potential use of new poliomyelitis vaccines: Memorandum from a WHO meeting 545

Mise au point de vaccins contre le choléra et la diarrhée à *Escherichia coli* entérotoxigène: Mémorandum d'une réunion de l'OMS 549

Les légionelloses, épidémiologie et lutte: Mémorandum d'une réunion de l'OMS 561

Research — Recherche

Serodiagnostic tests for tuberculosis: a need for assessment of their operational predictive accuracy and acceptability — *J.M. Grange & A. Laszlo* 571

Acute respiratory infections in children: a case management intervention in Abottabad District, Pakistan — *A.J. Khan, J.A. Khan, M. Akbar, & D.G. Addiss* 577

Surveillance and control of meningococcal meningitis epidemics in refugee populations — *P.S. Moore, M.J. Toole, P. Nieburg, R.J. Waldman, & C.V. Broome* 587

Immunogenicity of oral poliomyelitis vaccine (OPV) against variants of wild poliovirus type 3 — *B. Böthig, L. Danes, & S. Dittmann* 597

Evaluation of three panels of monoclonal antibodies by the identification of human rotavirus VP7 serotype by ELISA — *K.Y. Green, H.D. James, Jr, & A.Z. Kapikian* 601

Accessibility of dog populations in rabies control in Kathmandu valley, Nepal — *K. Bögel & D.D. Joshi* 611

Sanitation in rural communities in Bangladesh — *M. Yusuf & A.M.Z. Hussain* 619

Breast-feeding and child-spacing: importance of information collection for public health policy — *R. Saadeh & D. Benbouzid* 625

Pharmacokinetics of mefloquine in combination with sulfadoxine-pyrimethamine and primaquine in male Thai patients with falciparum malaria — *J. Karbwang, D.J. Back, D. Bunnag, & A.M. Breckenridge* 633

Reviews — Analyses

Epidemiology of sexually transmitted diseases: the global picture — *A. De Schryver & A. Meheus* 639

Risk and surveillance of individuals with heritable factors for colorectal cancer — *R.W. Burt, D.T. Bishop, H.T. Lynch, P. Rozen, S.J. Winawer, & the WHO Collaborating Centre for the Prevention of Colorectal Cancer* 655

WHO News and activities — Notes et activités OMS

World malaria situation 1988 — Prevention and management of postpartum haemorrage — Neuropsychiatric aspects of HIV-1 infection 667

Situation de paludisme dans le monde, 1988 — Prévention et prise en charge de l'hémorragie du postpartum — Aspects neuropsychiatriques de l'infection à VIH-1 675

N° 6

Update — Le point

Parasitic diseases and urban development — *K.E. Mott, P. Desjeux, A. Moncayo, P. Ranque, & P. de Raadt* 691

Surveillance du SIDA et des infections à VIH dans le cadre de la santé publique — *J. Chin* 699

Memoranda — Mémorandums

Feasibility study of community control programmes for cystic fibrosis: Memorandum from a WHO/ICF(M)A meeting 709

Vers l'utilisation de nouveaux vaccins antipoliomyélitiques: Mémorandum d'une réunion de l'OMS 717

Research — Recherche

Metrifonate in the control of urinary schistosomiasis in Zanzibar — *A.F. Mgeni, U.M. Kisumku, F.S. McCullough, H. Dixon, S.S. Yoon, & K.E. Mott* 721

Metrifonate in health volunteers: interrelationship between pharmacokinetic properties, cholinesterase inhibition and side-effects — *Y. Aden-Abdi, T. Villén, Ö. Ericsson, L.L. Gustafsson, & M.-L. Dahl-Puustinen* 731

Probability of transmission of Chagas disease by *Triatoma infestans* (Hemiptera: Reduviidae) in an endemic area of Santiago del Estero, Argentina — *J.E. Rabinovich, C. Wisnivesky-Colli, N.D. Solarz, & R.E. Gürtler* 737

Control of ascariasis through age-targeted chemotherapy: impact of 6-monthly chemotherapeutic regimens — *Thein-Hlaing, Than-Saw, & Myat-Lay-Kyin* 747

Application of a simplified *in-vivo* test system for determining chloroquine resistance in *Plasmodium falciparum* — *R.N. Prasad, H. Prasad, K.J. Virk, & V.P. Sharma* 755

Monitoring the response of malaria infections to treatment — *K.H. Rieckmann* 759

Levels of DDT and metabolites in breast milk from Kwa-Zulu mothers after DDT application for malaria control — *H. Bouwman, R.M. Cooppan, A.J. Reinecke, & P.J. Becker* 761

Application of multiple methods to study the immunization programme in an urban area of Guinea — *F.T. Cutts, D.C. Glik, A. Gordan, K. Parker, S. Diallo, F. Haba, & R. Stone* 769

Reviews — Analyses

Measurement of schistosomiasis-related morbidity at community level in areas of different endemicity — *C. Hatz, L. Savioli, C. Mayombana, J. Dhunputh, U.M. Kisumku, & M. Tanner* 777

Page

Risk and surveillance of individuals with colorectal polyps — *S.J. Winawer, M.J. O'Brien, J.D. Wayne, O. Kronborg, J. Bond, P. Frühmorgen, L.H. Sobin, R. Burt, A. Zauber, B. Morson, & the WHO Collaborating Centre for the Prevention of Colorectal Cancer* 789

WHO News and activities — Notes et activités OMS

Dracunculiasis: global surveillance summary, 1989 — WHO multinational project for childhood diabetes — WHO Monica project: 1990 mid-term review 797

Dracunculose: bilan de la surveillance mondiale, 1989 — Projet OMS multinational sur le diabète juvenile — Projet MONICA de l'OMS: bilan à mi-parcours — 1990 801

Recent WHO publications — Publications récentes OMS 807

SUPPLEMENT (1990)

MALARIA VACCINE DEVELOPMENT: PRE-ERYTHROCYTIC STAGES

Contents

Introduction 7

Foundation for pre-erythrocytic vaccine development

1. Immunity to falciparum and vivax malaria induced by irradiated sporozoites: a review of the University of Maryland studies, 1971–75 — *D.F. Clyde* 9
2. Human immunization with attenuated sporozoites — *K.H Rieckmann* 13

Antibodies to the CS protein

3. The conformational restriction of synthetic vaccines for malaria — *A.C. Satterthwait, Lin-Chang Chiang, T. Arrhenius, E. Cabezas, F. Zavala, H.J. Dyson, P.E. Wright, & R.A. Lerner* 17
4. Active and passive immunization against *Plasmodium yoelii* sporozoites — *Y. Charoenvit, M. Sedegah, L.F. Yuan, M. Gross, C. Cole, R. Bechara, M.F. Leef, F.A. Robey, R.L. Beaudoin, & S.L. Hoffman* 26
5. Human studies with synthetic peptide sporozoite vaccine $(NANP)_3$-TT and immunization with irradiated sporozoites — *D.A. Herrington, D.F. Clyde, J.R. Davis, S. Baqar, J.R. Murphy, J.F. Cortese, R.S. Bank, E. Nardin, D. DiJohn, R.S. Nussenzweig, V. Nussenzweig, J.R. Torres, J. Murillo, M. Cortesia, D. Stürchler, M.R. Hollingdale, & M.R. Levine* 33

6. Interferon-α and synthetic peptide malaria sporozoite vaccine in non-immune adults: antibody response after 40 weeks—*D. Stürchler, G. Zimmer, R. Berger, H. Etlinger, M. Fernex, H. Matile, & M. Just* 38
7. Testing of *Plasmodium vivax* CS proteins in *Saimiri* monkeys—*W. E. Collins* 42
8. Anti-sporozoite antibodies—*M.R. Hollingdale* 47
9. Evaluation of an *in vitro* assay aimed at measuring protective antibodies against sporozoites—*S. Mellouk, N. Berbiguier, P. Druilhe, M. Sedegah, B. Galey, L. Yuan. M. Leef, Y. Charoenvit, C. Paul, S. Hoffman, & R. Beaudoin* 52
10. Use of non-human primate hepatocytes for *in vitro* study of the pre-erythrocytic stages of malaria parasites—*P. Millet, W.E. Collins, M. Aikawa, A.H. Cochrane, & Phuc Nguyen-Dinh* 60
11. The circumsporozoite protein of *Plasmodium*: a mechanism of immune evasion by the malaria parasite?—*L. Schofield* 66

T-cell immunity against the CS protein

12. *Plasmodium* sporozoite—host cell interactions during sporozoite invasion—*J.P. Vanderberg & M.J. Stewart* 74
13. Evidence implicating MHC genes in the immunological nonresponsiveness to the *Plasmodium falciparum* CS protein—*M.F. Good, S. Kumar, A.S. de Groot, W.R. Weiss, I.A. Quakyi, F. Dontfraid, G.E. Smith, M. Cochran, J. Berzofsky, & L.H. Miller* 80
14. Cellular and humoral immune responses to a recombinant *Plasmodium falciparum* CS protein in sporozoite-immunized rodents and human volunteers—*E.H. Nardin, R.S. Nussenzweig, R. Altszuler, D. Herrington, M. Levine, J. Murphy, J. Davis, I. Bathhurst, P. Barr, P. Romero, & F. Zavala* 85
15. Role of circumsporozoite protein-specific T cells in protective immunity against *Plasmodium berghei*—*U. Krzych, K. White, H.T. Link, J. Sadoff, D. Lanar, W.R. Ballou, T. Jareed, & A. Agarwal* 88
16. An invariant "universal" T-cell epitope in the *Plasmodium falciparum* circumsporozoite protein—*F. Sinigaglia, M. Guttinger, H. Matile, & J.R.L. Pink* 94
17. A CTL epitope on the circumsporozoite protein of *Plasmodium yoelii*—*W.R. Weiss, R.A. Houghten, M.F. Good, J.A. Berzofsky, L.H. Miller, & S.L. Hoffman* 99
18. Genetic restrictions of protective immunity to *Plasmodium yoelii* sporozoites—*W.R. Weiss, M.F. Good, M.R. Hollingdale, L.H. Miller, & J.A. Berzofsky* 104
19. Evaluation of vaccines designed to induce protective cellular immunity against the *Plasmodium yoelii* circumsporozoite protein: vaccinia, pseudorabies, and *Salmonella* expressing the circumsporozoite protein—*M. Sedegah, R.L. Beaudoin, W.R. Majarian, M.D. Cochran, C.H. Chiang, J. Sadoff, A. Agarwal, Y. Charoenvit, & S.L. Hoffman* 109

The liver as a target for vaccine-induced immunity

20. The development and routine application of high-density exoerythrocytic-stage cultures of *Plasmodium berghei*—*R.E. Sinden, A. Suhrbier, C.S. Davies, S.L. Fleck, K. Hodivala, & J.C. Nicholas* 115
21. Hepatic phase of malaria: a crucial role as "go-between" with other stages—*D. Mazier, J. Goma, S. Pied, L. Renia, A. Nussler, F. Miltgen, R. Legrand, D. Mattei, G. Grau, & M. Gentilini* 126
22. T lymphocytes from mice immunized with irradiated sporozoites eliminate malaria from hepatocytes—*S.L. Hoffman, D. Isenbarger, G.W. Long, M. Sedegah, A. Szarfman, S. Mellouk, & W.R. Ballou* 132
23. The role of cytokines in malaria infection—*R.K. Maheshwari* 138

24. Delayed-type hypersensitivity and protection in mice following immunization with *Plasmodium berghei* sporozoites—*J.P. Verhave & G.T. Strickland* 145

Non-CS protein sporozoite and liver-stage antigens

25. A malaria sporozoite surface antigen distinct from the circumsporozoite protein—*R.C. Hedstrom, J.R. Campbell, M.L. Leef, Y. Charoenvit, M. Carter, M. Sedegah, R.L. Beaudoin, & S.L. Hoffman* *152*
26. How to select *Plasmodium falciparum* pre-erythrocytic antigens in an expression library without defined probe—*C. Marchand & P. Druilhe* 158
27. Localization of CS and non-CS antigens in the sporogonic stages of *Plasmodium yoelii*—*M. Aikawa, C.T. Atkinson, L.M. Beaudoin, M. Sedegah, Y. Charoenvit, & R. Beaudoin* 165
28. A liver stage specific antigen of *Plasmodium berghei* identified by a monoclonal antibody—*L. Winger, A. Suhrbier, C.A. O'Dowd, K.J. Hodivala, & R.E. Sinden* 172
29. Pre-erythrocytic stage malaria parasites: non-circumsporozoite protein antigens—*M.R. Hollingdale, M. Aikawa, Guoxian Chen, J.F.G.M.Meis, K. Sakhuja, B. Sina, & Jingdong Zhu* 178
30. Presence of a circumsporozoite-like protein in the micronemes of blood-stage merozoites of malaria parasites—*A.H. Cochrane, S. Uni, M. Maracic, L. di Giovanni, M. Aikawa, & R.S. Nussenzweig* 181

The role of field studies

31. Immune responses to sporozoite antigens and their relationship to naturally acquired immunity to malaria—*B.M. Greenwood* 184
32. Antibody responses to *Plasmodium falciparum* and *P. vivax* sporozoites in areas with stable and unstable malaria—*G. Del Giudice, P.-H. Lambert, K. Mendis, A. Pessi, & M. Tanner* 191
